SWING-OUT RACK EASILY FACILITATES FUTURE EXPANSIONS

Short on space? The 19-in. Swing-Out Rack offers a convenient solution for smaller networking equipment such as telephone and voice mail, routers, switches, punch-down panels and patch panels. This rack is designed to facilitate component installation and future expansion without disturbing existing equipment or cabling.

Industry Standards

UL 1863 Listed; File No. E230874
 cUL Listed per CSA C22.2 No. 182.4; File No. E230874

EIA 310-D

Application

The 19-in. Hinged Panel provides a solution for smaller network equipment, punch-downs and patch panels in areas where floor space is at a premium. Easy access facilitates component installation and future expansion without disturbing existing equipment or cabling. Can be mounted with hinges on left or right side.

Features

- Open design offers unrestricted airflow
- Large cable exit holes on back surface
- Keyhole mounting slots on 16-in. centers accommodate up to 3/8-in. dia. mounting fasteners (not supplied)
- Heavy duty hinges are welded to frame
- Hinge provided for every two rack unit spacing
- One rack unit model has half-size hinge
- Provides access to rear of equipment
- 12-24 rack mounting screws (package of 20) included with assembly
- Wall mounting hardware not included

Specifications

- Made of 12 gauge steel
- EIA universal 5/8, 5/8, 1/2 in. spaced 12-24 tapped holes. EIA spacing provides 1.75 in. per rack unit.

Finish

Finish is RAL 9005 black low-gloss polyester powder paint

Application

The 19-in. Swing-Out Rack provides a solution for smaller networking equipment, punch-downs and patch panels in areas where floor space is at a premium. The pivoting, removable door provides easy access for upgrades and maintenance and facilitates future expansion without disturbing existing equipment or cabling.

Features

- Rack construction provides unrestricted airflow and easy access
- Large cable exit holes on back surface facilitate hook-up
- Keyhole mounting slots on 16 in. centers accommodate up to 3/8 in. dia. mounting fasteners (not supplied)
- Integral VELCRO® cable tiedown slots help manage strain relief and large radius service loops
- Pivoting, removable rack door provides access to rear of equipment and cable for upgrades and maintenance
