Portable Outlet Boxes

Leviton's line of temporary power solutions now includes industrial grade portable outlet boxes. For applications ranging from industrial and processing plants to construction and maintenance to entertainment and theater, these durable boxes will help to deliver the power you need, where you need it. Constructed of high-performance TPV, these boxes maintain their integrity in most any temperature, are extremely resistant to harsh chemicals and exhibit excellent strength and resistance to fatigue. They are available in single and two-gang sizes, both feed-thru and pendant style. Plus, you can choose either high-visibility yellow (for most industrial and commercial applications) or black (for entertainment applications).

Available in pendant and feed-thru styles

Molded Santoprene™ TPV housing is extremely durable, even in harsh conditions

Non-metallic construction provides protection against electrical shock

Variable adjust strain relief provides superior protection throughout entire range of cable diameters

Available in black or high-visibility yellow

A wide array of cover options is available, including standard and weather-resistant versions

Heavy-duty stainless steel spring-loaded flip lids provide NEMA Type 3R protection (when not in use)

Strain relief accepts cable diameters from .230" - 1.00"

Optional mounting holes provide a more secure fit

Santoprene™ is a registered trademark of Exxon Mobile Corporation.
