To Whom it May Concern;

RE: Certificate of Compliance

This letter is to certify that Alan Wire THHN/THWN-2, TFFN/TFN, MTW/AWM, XHHW-2, USE-2, and Type TC building wire products meet all applicable ASTM and UL Standards based on requirements of the National Electric Code.

Alan Wire type THHN/THWN-2, XHHW-2, & USE-2 products comply with ANSI/NEMA WC 70-2009 / ICEA S-95 658-2009, Table 3-1, and Federal Specification A-A-59544.

Alan Wire's solid soft drawn and concentrically stranded soft drawn bare copper meets ASTM standard B-3 and B-8 for soft drawn (annealed) solid or stranded bare copper wire.

All Alan Wire building wire products are RoHS and REACH compliant (European Community regulation on chemicals and their safe use).

No "conflict minerals" are used in the manufacturing of Alan Wire products.

All Alan Wire Products are manufactured in the USA in Sikeston, MO.

Please call if I may be of further assistance.

Sincerely,

A handwritten signature in cursive script that reads "Sandy Lape".

Sandy Lape
Quality Manager
Alan Wire Company
