

IloT Roadshow Friday, November 3, 2017

TOSIBOX®

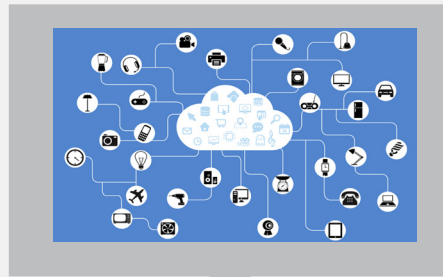

REGISTER

Barr-Thorp Electric is partnering with TOSIBOX® to host an IloT Roadshow in order to bring together remote access, IloT device security & connectivity, data collection, reporting and dashboard software. Select customers are invited to attend this show at a competitive price of \$250 per company. Sign up today to learn how System Integrators can create profitable solutions using this world's first user-friendly remote access kit.

STEP ONE

Create your Maintenance & IloT networking infrastructure in minutes, not hours or days, using Tosibox technology.

STEP TWO

Create a "cloud" environment in your LAN or your favorite cloud provider. If you prefer, use the Clarity cloud, which is fully integrated with Tosibox technology and optimized for IloT.

STEP THREE

Access data via a web browser and build custom dashboards, analyze maintenance data, track assets, set alarms and participate in the IloT revolution.

***Location:** Cabela's-10300 Cabela Dr, Kansas City, KS 66111 ***Detailed Schedule** ***Cost:** \$250 per company, \$650 promotional price for STARTER KIT (Your cost to attend the show will be credited with purchase of the STARTER KIT).
